> Canyoning

Canyoning

The consent of the JZ TNP must be obtained before canyoning is carried out. It is **necessary to ensure the presence of a wild water rescuer** in the group **if canyoning is carried out for profit.** A **maximum of 9 canyoners** (including the guide) may be in a group.

The use of the registration application is compulsory for canyoning in the **Fratarica** and **Predelica** gorges in Log pod Mangrtom. Access to the application is granted by the consent of the JZ TNP. A fee for the use of the canyon infrastructure per group (Fratarica EUR 22, Predelica EUR 32) must be paid via the application.

Upper part of Predelica gorge

Where?

Access: existing marked path from the road Predel – Bovec at the bridge over the Mangart creek down to the Predelica river.

Entrance: exclusively at the entry point at the 'Smaragdno oko' pools at an altitude of 1040 m.

Exit: confluence with the Mangart creek at an altitude of approximately 900 m above sea level.

When?

Night canyoning is not allowed.

15 March – 31 October.

What do you need?

Consent of the TNP Public Institute

- access to the web app;
- the fee paid (€32).

Fratarica

Where?

Access: existing marked path to the Parabola waterfall and further along an unmarked path to the Fratarica river.

Entrance: entry point at an altitude of approximately 810 m above sea level.

Exit: confluence of the Fratarica and Koritnica rivers at 630 m above sea level.

When?

During the day (night canyoning is prohibited).

15 March – 31 October.

What do you need?

Consent of the TNP Public Institute

- access to the web app;
- the fee paid (€32).

Lower part of Predelica river

Where?

Access: existing marked path from the Predel - Bovec road at the bridge over the Mangart creek down its left bank to the Predelica river.

Entrance: confluence with the Mangart creek at an altitude of approximately 900 m above sea level.

Exit: at the bridge over the Predelica river in Log pod Mangartom.

When?

Night canyoning is not allowed.

1 April - 31 May, until 17:00,
